VOLUME 39 - NUMBER 24

THURSDAY, MARCH 24, 1977

BELLE GLADE, FLORIDA 33430

Shooting victim treated

A BELLE GLADE WOMAN was the victim of an apparently self-inflicted bullet wound Tuesday afternoon and was found in the parking lot of the Belle Glade Elks Lodge, where she was treated by members of the city Fire Department Rescue Squad and trans-

ported to Glades General Hospital. Police Detective J.R. Eberle said this was the second time Mrs. Kath. Gibson, of Northeast 29th Street had been admitted to the hospital.

Cloudy water to clear

BELLE GLADE—City water users who notice over the next two weeks a sudden increase in the cloudiness of their water can take solace in the fact it's a sign the cloudiness will be soon gone for good according to Belle Glade Public Works Director Ron Sigmon.

Sigmon said Monday the extra cloudiness will be caused when city forces begin today or tomorrow to flush all the city lines in the wake of replacement of the sand filters at the city water treatment plant.

He said the construction has caused over the past few weeks some overrun of time into the system, resulting in the water, at times, having a milky coloration as the water goes into the home.

"While the water has been milky," Sigmon said, "it has been completely safe for drinking use,

despite its appearance." He said the water will also be safe for drinking even when it becomes more cloudy during the flushing.

Workers may begin flushing the system today, he said, but the project will probably begin Friday. Sigmon said the cleansing of the system will be accomplished in one section at a time as the water pressure is built up and workers open fire hydrants.

At first, he said, the flushing will be done by one man working on one fire hydrant at a time but as he works his way away from the plant, another worker may be put on the project to help speed things up.

Sigmon said the flushing of the system were supposed to have begun Monday but two pumps which were to have been delivered last week hadn't been received.

at organizational meeting

Solid waste group sets work schedule

BELLE GLADE—Members of the Budget and Policy Advisory Committee for Solid Waste in the Glades held their first meeting Monday night to elect officers, discuss an interlocal agreement and get some idea of the schedule for the proposed in the Glades.

The first real action taken by the five-member committee, made up entirely of men from the Glades, was to instruct the administrative of the Solid Waste Authority to complete a study indicating the economic impact to Pahokee of including that city's incinerator in the program.

Executive Director Tim Hunt suggested the study when committee member J. Ray Hatton said Pahokee would like to take part in the program if it is economically feasible.

Hunt said a detailed study has already been made on the economic impact of the program to the county and he already has the data needed to do the study suggested Monday night.

The committee was told study should be completed in two weeks or less and then they should consider meeting again to begin going into a suggested interlocal agreement between Pahokee, Belle Glade, South Bay, Palm Beach County and the Palm Beach County Solid Waste Authority.

In the meantime, copies of the proposed agreement will be sent to the five agencies to be perused by their attorneys.

"We have a substantial investment (in the Pahokee incinerator)," Hatton said, "and we want the most feasible method (of disposing of garbage) but nobody seems to know what that is."

The proposed program calls for construction of an incinerator to be

used to dispose of all garbage generated in Western Palm Beach County, along with a complimentary sanitary and a mulching operation.

The entire project is to be constructed on land adjacent to the Belle Glade Sanitary Landfill which Hunt said he has already received indications will be donated by the state for the purpose. The first order of business for the newly formed committee was to name Bill Bailey, representing the county commission, as chairman; Hatton, who represents Pahokee, as vice chairman and Don Tanner, representing South Bay, as recording secretary.

The other two members of the committee are Aubrey Farmer, who represents Belle Glade, and Kenneth Harris, who represents the Solid Waste Authority.

Bailey is also a member of the Solid Waste Authority and Harris is also a member of the Belle

see WASTE on p3

South Bay City Hall will be styled along colonial lines with columns on front porch

South Bay city hall bid \$50,000 low

SOUTH BAY—Wayne E. Blackwell and Co., Inc. of Miami was the apparent low bidder on the proposed city hall when the bids were opened in a special session of the city commission Tuesday, coming in at \$420,100.

The bid included all 10 of the alternates which the city could decide to drop should the commission decide against them.

The alternate bids included and emergency generator, an underground fuel storage tank, a public

address system, two electrical overhead doors on the fire station, a flagpole, a storage area over the living area of the fire department, a lawn sprinkling system, additional wood paneling in the commission chamber and curbing in the parking lot.

Because city hall will be built with a federal Employment Development Administration (EDA) grant of \$474,000, there is a deadline for the groundbreaking of April 12.

Blackwell estimated a construction schedule of 225 days, which would have the new city hall, which will also include a fire

station and police station, to be completed in mid-December.

Pictures, story on Home Front

Investment pays off for her son

BELLE GLADE—When Carol Zumpf agreed to work on the first March of Dimes Glades Walkathon four years ago, she didn't know it but she was making an investment which paying dividends now.

Mrs. Zumpf has taken part in every walkathon held in the Glades since that first one four years ago, despite her doctor's urging last year that she ought to take it easy because she was in the early stages of pregnancy.

Last September, David Michael Zumpf was born with Down's Syndrome, and he has received all the benefits possible from the March of Dimes genetics clinic in North Palm Beach which his mother helped pay for.

"I don't think I really feel any stronger about the March of Dimes now," Mrs. Zumpf said this week, "because I've always felt strongly about it. But it does seem like an investment that's paid off."

"I think we were very fortunate that I had been working with the March of Dimes and knew about the center," she said. "There are a lot of people who don't even know about it and there are quite a few who don't know that anybody can use it."

Mrs. Zumpf said she also feels fortunate because David

Michael appears to be one of the cases where Down's Syndrome is present but isn't as pronounced as it is in many cases.

The syndrome, one of the many birth defects being researched and, as far as possible, treated by the March of Dimes is a result of an extra chromosome in the child's genetic makeup.

It can result in the necessity for the child requiring complete care for the rest of its life, but Mrs. Zumpf said this isn't the case with her son, who she said lacks most of the symptoms usually apparent.

At six months, for instance, she said babies with Down's Syndrome usually can't sit up and "babble" the way her son was doing Tuesday afternoon.

She said she is hopeful David Michael will be able to go through life without the intense care required by some people with the disease. She said her son hasn't received any different treatment so far than her daughter had by six months of age.

"But we need a genetics center here," she said, "and this is what we're working toward now in the March of Dimes."

DAVID MICHAEL ZUMPF is now receiving the benefits of the investment made by his mother in five consecutive March of Dimes Walkathons.

Hey Kids! Be sure to enter the

Herald Observer Easter Coloring Contest

See Section "C"

Lilly hasn't been in the newspaper business for a long time, but now she thinks she "has arrived" once more.

When we met, she was the office manager for the Caloosa Belle (then the Hendry County News) in LaBelle, but since we both felt one newspaper person in any family is enough, she went on to other jobs.

At the present time, she's working in the Bank of Pahokee, but since our telephone has an extension of the Everglades Observer, she often answers calls aimed at the paper instead of her.

For instance, the other day, a gentleman from Canal Point called to comment on the paper and to talk about beer cans. Dutifully, Lilly took notes on what he had to say, but forgot to call him his name.

The upshot of the conversation, judging from her notes, was that the man he can well gauge the fishing around Canal Point by the numbers and variety of beer cans littering the ramp.

The more cans there are, the better the fishing is, said the man, obviously an authority on such matters.

Lately, the cans have increased even more, so somebody must be catching fish. This, in turn, provides can-pickers with an excellent opportunity to clean cans and turn them in for 17 cents-per-pound profit, he said.

So, if you are a can collector, the best advice he can give you is to study Nan Corbin's fishing column in this newspaper and when the fishing gets good, head for Canal Point.

We have begun a new project at the Herald that we hope will grow into something good for both the Belle Glade Herald and the Everglades Observer.

It's home delivery and for the past several weeks, we have been sampling homes in the St. Louis area to determine how home delivery would go over in Belle Glade.

The results were gratifying and it appears home delivery will be well accepted.

Nina Stokes, ace deliverer of the Lakeshore Shield, is handling the initial phase of the system, which includes throwing sample copies of the paper in a selected area for a couple of weeks, then going back into the area and obtaining subscriptions.

The good thing about home delivery, according to subscribers, is that they receive the paper delivered in their yards in time for breakfast reading on Thursday morning.

It's a slow-moving process to set up home delivery and will entail many months of work, but by sky block...but we are hopeful and enthusiastic concerning its chances.

Ever since I turned 18, I've been a member of the Jaycees in one community or another. Therefore, I have a lot of faith in that organization and its good public works.

Been meaning to go to one of the Belle Glade meetings, but since these are held Wednesday nights, and the paper comes out on Wednesday, haven't been able to.

But there are other organizations who work hard for the good of the community and one of the most illustrious of these are the Lions.

One particularly active bunch of Lions are those in Pahokee, and an excellent story on their swimming pool project of years ago was recorded in last week's paper by Observer editor Jackie Bridges.

Their latest major project was the initiation of the Pahokee observation tower, which took the cooperation of many people to complete.

Who knows what this group will accomplish next?

A specially coated low-fat grain can be fed to cows who will produce low-fat beef and skim milk.

Opinion

It's time to get in the swim

After four years of on again-off again talks and controversy, the Belle Glade Municipal Swimming Pool, and this time the Lakeshore Swimming Pool, may be on the way back to use.

And that would hopefully be the use for which it was intended and not the rose garden Mayor Kirk has been opting for.

The Municipal Pool has been out of operation for four years now because of a drain problem which engineers have estimated would cost anywhere from \$8,000 to \$60,000 to repair but the latest estimate was \$25,000 and now there's going to be another estimate.

All of which is sort of hard to understand since part of the city's franchise tax fund has been pledged since the pools were built for replacement and repair under the bond the pools were bought with.

And the city commission annually shifted more than enough to pay for the repairs to the pool to the city's general fund over at least three of the four years the pool has been out of commission.

But now the Lakeshore Pool is also closed down because of filters which have deteriorated until they'll have to be replaced and that will cost another estimated \$10,000.

Well, the commissioners, or at least four of them, have gone along with the city administration's recommendation to at least advertise to have another engineering study done and

that's commendable.

Now if they follow through after the study, and estimate for repairs, is made, the children of this city just might have a place to cool off during at least part of the upcoming summer.

And THAT'S education

Since the standards for education of today's police officers are on the rise, it probably makes some sort of sense that the standards of crooks should go up too, and a couple last week must have gotten quite a lesson.

Granted, there were a couple of lucky breaks but there was also some pretty good police work last Tuesday when Belle Glade officers and Palm Beach County Sheriff's detective Albert Harper nailed two men and recovered the majority of the booty in a break-in in seven hours flat.

And considering the fact the head of the investigation was out of town for five of those hours, it looked like there must have been a couple of super sleuths around.

Of course, it was sorta natural since the whole thing took place at Glades Central.

Who says our schools aren't providing a good education?

Voice from the Wilderness

By Andy Campanaro

Since the world around me is dancing foot footed on this subject, I might as well shove my two cents into the 1977 All-American EQUAL RIGHTS AMENDMENT confusion.

Most of the people who scream about the amendment haven't read it. To rectify that, here it is, whole and exact, to-wit: Quote: "Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any state account of sex."

Section 2. The Congress shall have the power to enforce by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification. Unquote.

Now isn't that simple. Nothing to be afraid about.

So, let's pass it, all right? Wrong. Or better, not necessarily. Because it's not the simple wording of the thing we have to watch out for...it's the blasted idiotism in Washington, D.C. who may very well interpret this amendment as idiotically as they have others we already have passed.

We're paying now for the federal courts 1964 supreme court ruling. Along with any federal funding comes federal authority, and this is the main reason we now have lovely collegiate "students" who can't spell their own names or do any math involving more than two figures (if you want me to prove that, just call and I'll make that next week's column using Belle Glade college students).

If the ERA were just to apply to government jobs alone, not so bad. But just as the so-called "equality" stuff and nonsense increasingly applied to ANY federal or state connection (like social security and unemployment compensation) this

amendment will be twisted out of proportion by the idealists and numskulls who have six degrees but mount their horse on the humped end.

I remember meeting one (there

Letter to the Editor

Dear Sir:

We wish to show our appreciation to the GCI Jaycees for their sponsorship in the March of Dimes Walkathon last Saturday.

We all three completed the round trip and have the blisters, sunburn and sore muscles as proof. Bryan, who is also diabetic, held in there and was one of the first finishers.

We hope our help contributes its worth and that people will remember Bryan when research is needed to help our nation's diabetics.

Sincerely yours,
Bryan, Scott and Blake Lawrence
(also our Mom, Judi Treman)

Who's a dummy?

What with the increase in crime, merchants might take a lesson from Norton Art Gallery over in West Palm Beach.

When you've got a life-like dummy on the job, who needs to hire a night watchman? Duan Hanson's life-like statue, Young Worker, not only broke up a burglary, he managed to fool a police officer into nearly arresting five feet, ten inches of polyester resin and fiberglass.

And that's enough to make you wonder who the dummy was.

CRACKER CRUMBS

BY DEAN JONES

So who says the Bicentennial is over?

I thought it was and the whole idea was supposed to be a 200th birthday celebration...dated from 1776, wasn't it?

Well, that may have been the original intention but somebody didn't get the word. Like the U.S. Historical Society or hysterical society or whatever and all other characters who figured out this is one whale of a way to make money.

Got a personal from 'em the other day and boy, am I lucky! They're gonna give me the chance of a lifetime to buy what I've always wanted—a sword. (What was that my journalism profs were always saying the pen was mightier than?)

I suppose I could always use another carving knife and this would undoubtedly be the fanciest carving knife in Belle Glade, what with the handle (they call it a hilt but I know what I know) being made out of blue leather, solid silver inlaid with gold, three sapphires, 13 diamonds and decorated with a double eagle and the Great Seal of the United States. Bound to stand out the most expensive carving knife in seven counties too. Comes with a price tag of \$3,000. Probably be the only piece of cutlery I'd own with monthly payments higher than my car payments and house rent combined.

The best thing about it, though, is who it's being made by. There's only going to be a thousand made (that's to keep out the white trash like me and they're being made by Wilkinson Sword).

I thought that was pretty good considering there were probably quite a few swords made by Wilkinson in the original American Revolution. Course they were being used by the British but that's all right because, what the heck, they did take part in the war and they haven't had that much of a chance to make any profits off the Bicentennial like their American cousins.

Anyway, I dropped the hysterical line in reply telling 'em I'd just as soon pass on this one offer if they don't mind. I mean, where would you display a pretty grosticker like that in a trailer otherwise decorated in early poverty?

I guess the word along to a friend of mine, though. Told Wade I thought he might find this kind of a deal something he might appreciate, 'specially after what happened to him Tuesday morning.

I still doubt whether the people down at Dr. Orduna's office believe that was really a tomcat that nailed Wade on the arm. They probably believe it was some kind of a pet cougar or tiger.

Well, Tiger was his name and he deserved it. I know. I mean, who the heck ever grew a house tabby to 15 pounds of meat? And what else, outside of a German Shepherd or a Doberman could tear up your arm so it takes 20 stitches to repair the damage?

But the cat got his comeuppance and there is one more good cat in Belle Glade cause Tiger can no longer be counted among the living.

Wade says he ain't gonna have no more pets in his house unless maybe they're tropical fish and if they grin at him, they go. Knowing his tastes though, he'll probably wind up with a tank of piranha. Either that or a full-blown version of a great white shark.

We're all looking forward to Belle Glade's own version of Jaws. In the meantime, anyone out there needs to string their tennis racket. I know where there's some catgut not being used.

The Belle Glade Herald is a Montlake Media newspaper, published weekly on Thursdays at 425 South Main Street, Belle Glade, FL 33450. Mailing address is P.O. Box 760. Subscription rates are \$6.00 per year in state and \$8.00 out of state. Second class postage paid at Belle Glade, Fla.

City Hall

continued

The commissioners on hand for the bid opening also indicated they intend to have a barbeque and related ceremonies during the weekend of April 9-10.

"We'll try to get Paul Rogers and I'd like to see Chiles here too," Mayor Don Tanner said. "We'll have a really big blowout."

The city hall will be a partially two-story building in the Colonial style with a large portico featuring columns and a large Colonial style lamp at the front entrance.

Although the second floor of the city hall proper may not be used immediately, it is designed to allow room for expansion as the city grows.

The commission chambers will include a full sound system and a 60 theater-style seats with a partition which will allow another 40 seats in the foyer should an important meeting come up.

There will be approximately 11,400 square feet in the building, which will have an ell wing for the fire station which will include two drive-through bays, sleeping quarters, a kitchen-lounge area and extra office space.

"Some of us mentioned the Clewiston City Hall," Barker, Osha and Anderson engineer Richard Ormon reminded the commissioners. "Well, this is going to put the Clewiston City to shame."

Other bids which were opened included Lutz Construction of Belle Glade for \$434,386.25, Richard Jacobs, Inc. Stuart for \$436,780 and Mark One Construction, Inc. of Pompano Beach at \$469,639.

Tom Lewis attends Washington meet

WASHINGTON, D.C.—State Rep. Tom Lewis (R-North Palm Beach), was one of seven Florida lawmakers to attend the National Conference of State Legislatures, D.C. March 16 and 17 to voice concern about federal legislative, regulatory and administrative issues that impact heavily on Florida citizens.

The seven lawmakers, all members of Florida's newly formed House Committee on Federal-State Appropriations met with members of the state's Congressional delegation and staff of the White House Office of Intergovernmental Relations.

One key issue in the meetings, according to Lewis, was the federal "Education for All Handicapped Children Act." Florida has already established a comprehensive program to serve exceptional children, he said.

But the current legislative and regulatory language in the federal Act force states with ongoing quality programs to either compromise state laws and existing programs or to refuse programs or to refuse money which is badly needed, according to Lewis.

The Florida legislators told their Congressional counterparts that the Florida House Committee on Federal-State Appropriations has voted to refuse financial assistance under the Act "until the federal government recognizes that the state and not the federal government is best qualified to direct its total system of public education."

The state legislators also told federal officials that increased flexibility is needed in administration of existing programs for the aging. Existing federal regulations are often overly complex and restrictive, limiting the efforts of states and localities to develop their own systems for delivering services to the elderly, the legislators said.

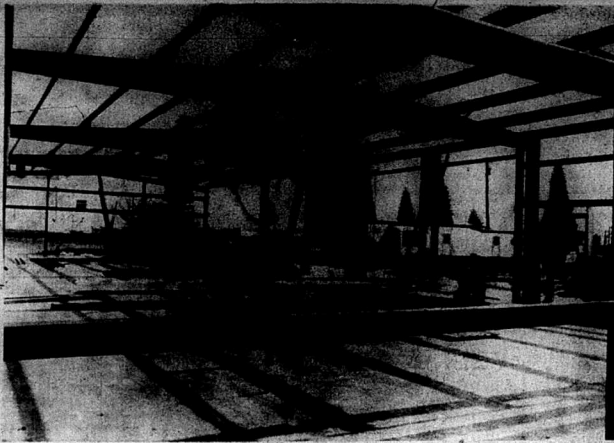

Lewis said that the two-day

Rotary plans Ladies' night

BELLE GLADE—Members of the Belle Glade Rotary Club are preparing for a Ladies' Night in conjunction with the Lake Worth Rotarians at 7 p.m. April at the Royal Palm Inn at Royal Palm Beach.

The local club members were urged at their Tuesday luncheon to attend the banquet and get their reservations made early since the Lake Worth Club was at least meeting the Belle Glade Rotarians half way.

Rotary President Eugene Badger said that because of the joint meeting, the regular luncheon meeting on April 5 has been cancelled.

Patterns

A LATTICEWORK PATTERN is etched against the sky as construction on the new South Bay City Barn continues. The building will include such features as a grease pit which aren't part of the present utility

building. Construction on the building, being done by Eden Construction Co., is taking place at the site of the city water treatment plant.

ERA rally scheduled for Monday

BELLE GLADE—A caravan based on the ones used by early woman suffragettes will be visiting Belle Glade at 7 p.m. Monday at the Municipal Civic Center in an

attempt to get local people involved in the fight for the Equal Rights Amendment.

The multi-media show being sponsored by the National Organization for Women (NOW) will feature a multi-media show with a film, live speakers and literature according to NOW Florida State Coordinator Valerie Adams of Stuart.

Ms. Stuart said the two women traveling with the caravan through 45 communities over the next three weeks are Elizabeth Copeland of Daytona Beach, Florida's NOW ERA strategist, and Eva Janacek, NOW's Ohio State Coordinator.

The caravan will bring a "town meeting" atmosphere complete with a film, speeches, a question and answer session and "some old-fashioned rallying."

The film is narrated by Jean Stapleton of television's "All In The Family" and is entitled "How We Got The Vote" and features

pioneer ERA activist Alice Paul, who drafted the ERA amendment in 1923.

Ms. Adams said Mrs. Paul is now living in a nursing home and is in her nineties.

Ms. Adams said the idea for the caravan, which she said will probably include herself and other Palm Beach area feminists, was originated in the mid 19th Century by the leaders of that day, Susan B. Anthony, Elizabeth Cady Stanton, Lucy Stone and others.

They traveled by train and carriage, stopping all along the way to garner national support for the women's suffrage amendment, Ms. Adams said. "This is a continuation of that effort to reach equality."

"We're going to ask for a commitment from the community over the next three weeks," she said, "in the form of using bumper stickers, letter writing and delivering fliers."

plant.

The Council was formerly named the National Spinach Association.

Wigley named 'Greens' recruiter

BELLE GLADE—Pioneer Growers Cooperative Sales Manager Robert Wigley was recently chosen as one of four men in the nation to spearhead a membership drive for a national association of vegetable growers.

Wigley was chosen by Billy Moon of Zellwood, chairman of the

membership committee for the Chicago-based Leafy Greens Council, to head the membership drive for the eastern part of the United States.

Also chosen were Lake Smith of Crystal City, Tex. to head up efforts in the central region and Jack Oshita of Salinas, Cal. for the western region.

"Our members voted at our annual meeting in Houston, Tex.," Council President Robert Strube said, "to organize a state-by-state membership campaign this year and these four men will spearhead the program."

"We are not appointing state chairmen," Strube said, "and we expect to be in full operation within the next 60 days. Growers and shippers of escarole, endive, romaine, spinach, lettuce, cabbage, celery, kale and other leafy greens can join by sending \$250 to the Leafy Greens Council at 2 North Riverside Plaza, Chicago, Ill. 60606."

Strube said the four regional chairmen represent some of the top leafy greens producers of the country.

Pioneer Growers grow, pack and ship 6,000 straight or mixed loads each year, including escarole, endive, cabbage, celery, iceberg lettuce, peppers and mixed vegetables. Pioneer operates its own 40-acre pre-cooling

Glade City Commission.

The working schedule calls for the interlocal agreements between the five agencies to be signed by May 1 for land acquisition to be completed by May 2 and for bond package to be completed by July 2.

Hunt said later the Glades program is further along than anything similar in the county and, so far as he knows, is further along than any such agreement in the state.

This is important, he said, because of the attractiveness of the cooperative effort and for the design when it comes to seeking

federal and state funding for the project.

Although the project calls for selling a bond issue and paying for the entire program from a local level, Hunt has indicated he feels there is a strong chance for getting federal and state money for the entire project.

Because of the complexities of dealing with 34 separate cities on the coast, Hunt said there is a possibility the Glades disposal program may be on the line and operating before a coastal plan comes off the drawing board.

Adams crashes car

PAHOKEE—No punitive action was taken by the Council Tuesday night but Pahokee Policeman Danny Adams and Police Chief Carmen Salvatore, III did report on an accident involving Patrolman Adams two weeks ago, causing \$2,600 worth of damage to a police car.

Adams explained to the Council "I was driving down Bascom Pt. Rd. I was exhausted, and observed one of the managers of the Timesaver opening up. I looked off and took a double take...and ran into a telephone post."

"There's no excuse. I ran into the pole, if I hadn't looked off the road, it wouldn't have happened. It was strictly an accident."

Chief Salvatore told the Council that, because of driving problems in the past, Adams' driving privileges have been suspended indefinitely.

Concerning the accident, Salvatore said the Sheriff's accident report coincided with Adams' account. "The only thing I question is that 15 m.p.h. It looks bad," said Salvatore about the damaged police car.

Salvatore said "Adams' driving privileges have not been reinstated but I expect to work that out in the next two weeks." In response to Council questions, Salvatore stated, "It does hamper his ability to put out 100% as a policeman."

Mr. Van Wilson spoke before the Council at a later point in the meeting to complain about Patrolman Adams' conduct as a police officer. Wilson said Adams has been talking about him around town, "slandering me, and I'm tired of it." He also stated that Adams arrested him in his own house for D.W.I. (Driving while under the influence).

Adams was not present to comment on the allegations, but Chief Salvatore stated that he was awakened in his home at 3 a.m. by tires screeching and saw officer Adams pull up behind Wilson in a patrol car. Wilson then jumped

nearest the tenants could come to any of the charges.

The attorney's final opinion was that "At this point there is nothing in here (a letter written to Mayor Padgett with charges made against Cooper) to effectively prove suspension of office." He noted that the tenants need to be very specific as to times and dates if they wish to make further charges.

The City Clerk will be instructed to write Mrs. Ethel Barnes, President of the tenants' organization, to inform her of the Mayor's and the attorney's opinions. The Mayor does not intend to make charges against Cooper.

Glades athletes in Kansas

NORTH NEWTON, KAN.—Two Glades area athletes recruited by Bethel College here to play football are staying in shape in the off-season by participating in the college track team.

Former Glades Central ace running back is listed on the team in the long jump and sprint events. Former Pahokee star Jerrel Howard, a junior on the college football team, is listed as a hammer-thrower on the track team.

Charles Small, another Glades area product who calls Clewiston home, runs the 440.

Baker, Conrady win bass tournament

PAHOKEE—The Lake Okeechobee Tackle Testers (Pahokee Bass Club) had a successful day of bass fishing in their club tournament Sunday.

Tournament Chairman Doug Clark announced the winners as follows:

First place - Terry Baker of Port Mayaca and Bruce Conrady of Pahokee with 37 lbs., 3 oz.

Second place - Derrell Mathis and David League, both of Belle Glade, with 23 lbs., 10 oz.

Bruce Conrady caught the largest fish at 7 lbs. and Derrell League brought in the largest individual weight catch of 21 lbs., 13 oz.

Fourteen fishermen participated in the tournament, which

lasted from 6 a.m. until 2 p.m.

The Tackle Testers usually have one tournament each month, Clark said, but next month there will be two. A husband and wife tournament will be held April 10 and tournament competition

against the Belle Glade club will be held on April 17.

News of our neighboring community

THESE GENTLEMEN got a look through the new telescope that was mounted Friday at the top of Pahokee's Bicentennial Observation tower on the dike. The Lion's Club bought and had the telescope mounted as part of a continuing project of the tower, which is a project of the Pahokee Lion's Club.

Tower telescope is installed

PAHOKEE—Pahokee's Bicentennial Observation Tower has a new addition as of last Friday afternoon. A telescope was mounted at the top of the tower to enable viewers to look out over expansive Lake Okeechobee and surrounding areas for a closer than eye view at 25 cents a look.

The telescope, as the tower, is a Lion's Club project and the money collected will go into the Lion's tower fund, according to Lion's Club Secretary Felix Slonaker.

The telescope, which will be emptied of its money content daily, has already attracted many viewers.

A marble encased plaque bearing the names of all donors for the project will be mounted at the bottom of the tower when completed.

Further additions include the building of a monument and bathrooms at the bottom of the tower which was opened to the public in July.

ROSS SPEAR

Royal outlines shopping center plans for Council

PAHOKEE—A proposed shopping center to be located on Larrimore Rd. next to the football field in Pahokee was lightly discussed by Mr. Charles Royal and the City Council Tuesday night.

"We've been approached by Winn Dixie to bring one of their stores to Pahokee," Royal said.

Because they have a limited amount of time on the property, Royal asked for a proposed change in the zoning and possibly advertising or setting up a public hearing on the subject of a shopping center in the area.

Royal told the council he was there to "present this as a point of

getting started; we want to do what is best for the town and what is needed in the area."

The first phase of the shopping center, which is all that is presently in the plans, Royal said is an area of 4.4 acres that will house a Winn Dixie grocery store, a drug store and five or six local stores.

The Council referred Mr. Royal's project to the Planning and Zoning board for their recommendations, before Council will take any action.

Although Councilman J. Ray Hutton suggested that advertising and referring the matter to the zoning board could be simultaneous operation that would speed up the process if the zoning is approved, Councilman Robert Welty and Council Chairwoman Wyonia Cummings expressed their opinions that the Council should wait on the recommendation of the planning and zoning board.

"I think we've got one of the best zoning boards you'll find," Welty told Mr. Royal, and "the council shouldn't go ahead and consider this before their recommendation."

Spear is third qualifier for Group II Council seat

PAHOKEE—Mr. Ross Spear of 691 So. Lake Ave., Pahokee qualified Monday to run for the Group II Council seat. Spear is a retired school custodian who worked for the School Board at Pahokee Elementary School for 17 years before retiring in July, 1975.

He has worked as a security guard at the Everglades Memorial Hospital and presently substitutes as custodian when needed.

He has lived in Pahokee since 1955 and states this reason for

running for the council seat as "I want to be a servant for the people of Pahokee. I was a servant for the school board for 17 years so now I want to be a servant to them, if they feel like I'm worthy of it."

Spear is up against Curtis Miners and Thomas McMahon in Group II J. Ray Hutton and Marie Funderburk are the two qualifiers from Group I.

Candidates may qualify to run for the two vacant council seats until 5 p.m., April 1.

Charges

Not sufficient for removal

PAHOKEE—City Attorney Ralph Johnson gave his legal opinion to the City Council Tuesday night concerning the removal of Israel Cooper from the Pahokee Housing Authority Board of Commissioners, an action that does not seem justified to him at this time.

Johnson determined that the appointment of Cooper to the board met both requirements of the official court order in the federal suit - Cooper is black and he is a black tenant...But "nowhere in the order does it state that Cooper should be a representative of the tenants," Johnson said.

The correct procedures involved in obtaining the suspension of a commissioner from the board must start with the recommendation of the Mayor, who appointed Cooper, then charges must be made and a hearing held after notice is given to the person of charges made against him, Johnson explained.

The Tenants Organization has charged Cooper with misconduct in office and neglect of duties...They list no specific dates of an act having to do with his duties as such an officer," Johnson said. "There's nothing that requires him or any other commissioner to attend tenant meetings. It may be the tenants' desire, but that has nothing to do with his legal duties as a Commissioner of the Housing

Authority," Johnson said. The attorney listed three things that must be proven before removal can take place. They are: inefficiency, neglect of duty and

misconduct in office. There is nothing in the charges to constitute the first two, Johnson determined, and the last is the

Bridges, Lampton named editor and publisher of Observer

Jackie Bridges has been named the editor of the Everglades Observer and Biff Lampton has been named publisher, according to announcement this week from Montlake Media president S. H. "Sonny" Stalls.

Miss Bridges, 21, is a native of Belle Glade and a graduate of Florida State University. She has been associated with the Observer for the past four months in the capacity of staff writer.

"We are highly pleased with her efforts and feel that Miss Bridges promotion is well deserved," said

Stalls. "She is more than capable of assuming the added responsibilities of her new title."

Lampton, 27, is the former editor of the Clewiston News and publisher-editor of the Glades County Democrat in Moore Haven. He has been acting in the capacity of general manager of the Observer.

He is a graduate of the University of Southern Mississippi and before moving to Florida five years ago, was publisher of several weekly newspapers in south Mississippi.

He and wife, Lilly, and their year-old son, Burke, are making their home in Pahokee. Lampton is also publisher of the Belle Glade Herald.

The promotions were announced Friday in a staff meeting of Montlake Media in the central offices in Clewiston. Montlake Media is the owner of six weekly newspapers...The Clewiston News, The Glades County Democrat, The Caloosa Belle in LaBelle, the Everglades Observer, the Belle Glade Herald, and the newly-created Lakeshore Shield.

In nationwide auto contest

Troubleshooters to be tested

BELLE GLADE—Two Glades Central High auto mechanics students will have a chance in upcoming weeks to compete against students across the nation for a share of more than \$45,000 in scholarships, awards and other prizes.

Auto mechanics instructor Kenneth Bowermeister said he is taking seniors Jerry Kirckman, son of Mr. and Mrs. August Kirckman of 659 S.E. Third St., and Nathaniel Strachan, son of Mr. and Mrs. Ernest Woods of 300 N.W. 11th St., Lot 26, to Hollywood for the written portion of the state competition on March 31.

Bowermeister said Kirckman is already receiving on-the-job training at Siboney Motors through an arrangement with the dealership and he hopes to install Strachan as mother student at Siboney in the near future.

Under the special program, Kirckman is working at Siboney at the time he would normally be taking the shop course Bowermeister teaches. Kirckman is

working toward a total of 900 hours of shop instruction in auto mechanics and Strachan is working toward 1,440 hours of instruction. Both will graduate in June.

Should the two students get through the test at the Sheridan Vocational Center in Hollywood on March 31, they will then go to the state-wide "hands on" competition on May 12 at Daytona Beach Speedway.

In the hands on competition, the students work in teams and attempt to find what's wrong with the car they've been assigned, which has been "bugged" earlier by Plymouth mechanics.

Points scored in the mechanical contest count for 60 percent of the team's final score while the grades made in the written exam count 40 percent.

A total of 53 public high schools are taking part in the competition and the winners will go to the National Trouble Shooting Championship involving teams from Canada, Mexico and the United States.

The Plymouth Trouble Shooting Contest is sponsored by local Plymouth dealers to encourage students to complete their education and seek careers in the automobile mechanics field.

GLADES CENTRAL TROUBLESHOOTERS Auto Mechanics instructor Kenneth Bowermeister are ready for completion. Jerry Kirckman and Nathaniel Strachan with

Simonson-Lair circle holds meet

PAHOKEE—For their March meeting, the Simonson-Lair Circle met in the church parlor with Nellie Moss hostess and Sarah

Henderickson co-hostess. There were a total of ten members present and one visitor in atten-

dance. Delicious refreshments were served prior to the meeting.

Ester Hundley, chairman, presided and opened the meeting with prayer. Uldene Todd presented the devotional and the program on "Three Parables for Lent" the Bible verse being "If I have not Vision." The three parables were: repeatedly make confession for our sins; ask God's forgiveness as he seeks to find us; renew commitments, our preparation to be found and welcomed by the Land of Life.

The secretary, treasurer and sunshine reports were given and filed as read. The Mother-Daughter Banquet had been reset for April 15th and tickets will be \$4.50.

Jenny Hergenrieder a member of the Circle will soon be moving to Tampa. Ester Hundley presented her with a gift on behalf of the circle members. Cards were also signed for Hannah Anderson and Mother Bowe.

Mrs. Hundley announced that gifts of remembrance as well as memorials can now be sent to the Methodist Children's home. The meeting was closed with prayer.

The next meeting will be held April 18, with Uldene Todd hostess.

PAHOKEE PERSONAL

PAHOKEE—Mr. and Mrs. Lyons Williams, Jr. of Pahokee had as guests last week-end Mr. and Mrs. Robert H. Fite of Vero Beach and Little Switzerland, N.C.

Evangelist to speak at First Baptist Church

BELLE GLADE—Evangelist Moody Adams will speak at 11 a.m. Sunday at the First Baptist Church of Belle Glade as part of the Moody Adams Crusade in West Palm Beach.

The Baker, La. clergyman has drawn more than 4 million people to his crusades during his career, during which he has been involved in a number of out-of-the-way events.

Such as interviewing a white witch with an IQ of 160; and the

religious wars of Ireland; and detained in Castro's Cuba; and visiting the home of Anton LaVey, the pastor of the Church of Satan, in San Francisco and a drug colony in Haight-Ashbury.

During the 18 years Adams has been involved in evangelism, he has written a number of books, such as "The Witches are Rising," "New Signs of the Second Coming" and "America is too Young to Die."

Sippo the Clown will attend Arts Festival

BELLE GLADE—Sippo the Clown is expected to put in an appearance at the Fourth Annual Arts and Crafts Festival for the Glades branch of the Community Mental Health Center of Palm Beach County, Saturday, April 2 at the Municipal Civic Center.

The festival is expected to last from 11 a.m. to 2 p.m. and a number of arts, crafts, flowers, plants and baked goods will be offered for sale. A flea market has been added this year according to Advisory Committee Chairman Jean Cross.

Sippo, or Preston G. Pierce, as his neighbors in Lake Worth know him, literally practices his

religion as a clown. He became a member of Clowns of America in 1970 and has appeared in parades, picnics and other gatherings in his guise of Sippo, the Clown Prince.

For those who want to spend the day at the festival, Mrs. Cross said a lunch will be available. The Everglades Farm Bureau ladies auxiliary is sponsoring the festival for the second year.

Musical specialties will be performed throughout the afternoon.

Fires hit Pahokee

PAHOKEE—Several fires hit the Pahokee area this week, but the accident having the most potential for a dangerous fire was attended to before flames could occur.

The Union 76 Station on 760 E. Main St., Pahokee, managed by Joe Thompson, was suspected to approximately 100 gallons of spilt gas when a 1977 Ford Pick Up truck owned by Hundley Farms overturned.

According to Fire Chief Cecil Phillips, the vehicle was suspended on a grease rack at the station and slipped on the front left of rack, causing it to fall on its side. The gas loaded on the truck then poured out into the building.

"We diluted the gas with water and swept it out with brooms, Chief Phillips said. No fire erupted.

While attending the action at the Union 76 Station a tree caught on fire at the Pahokee Park so several firemen attempted to put the fire out. Unfortunately, the men discovered that the tree was infested with bees. Several men received bee stings while successfully extinguishing the fire.

On Tuesday, a grass and cane fire swept three acres of Hutton Brothers property at E 5th St. and Barfield, Pahokee. Chief Phillips and fireman James Greene attended the fire at 12:30 p.m. and had it under control within an hour, the Chief said.

Be ever mindful and thankful
to GOD for...

HEALTH and FOOD

our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid. As we have therefore opportunity, let us 'be good unto all men.'

GALATIANS 6:10

THE CHURCH ENCOURAGES
LOVE AND COMPASSION
FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long preserve and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the Truth which alone will set him free to live as a child of God.

WE'RE NUMBER ONE was the cry of the Glades Central track team Friday night after they'd won the trophy for coming in with more points than any other team at the meet.

Both boys and girls

Raiders win track meet

BELLE-GLADE—The boys' and girls' track teams at Glades Central made a clean sweep in team competition Friday in a dual track meet which threw five boys' teams and four girls' teams against each other.

To ice the cake, Rosa Wilkerson won a trophy for most points earned among the girls competing in the meet, winning first place in two events and helping win first in two more.

In the meantime, Mill Wilkerson set a school record in the 440 yard dash, helped set school records in the 880 medley relay and the mile relay and missed a fourth school record in the discus throw by two inches.

And despite all that, she only beat out teammate Kathleen Ford for the Most Valuable Player in the girls' meet by one point.

Mill Wilkerson won the MVP trophy with a total 18.5 points. Leroy Love of Pahokee won the MVP award for the boys' meet with 14.5 points. Both the trophies were awarded by Leroy Nelson Jr. on behalf of Nelson Harvesting Co.

In the boys' competition, the Glades Central team won first place with 87 points, closely followed by Pahokee with 82.5 points, Atlantic with 68, North Shore with 56 and Lake Worth with 53.

In the girls' competition, the Glades Central team amassed an even 100 points to win first place, followed by Twin Lakes with 82, Atlantic with 52 and Lake Worth with 4.

For the Raiders, the boys earned a total of three first place awards and the girls won six first place ribbons.

One of the most startling events, however, was when Keith Washington won the long jump...during a break he was taking from the baseball game going on in the adjoining field.

"It doesn't happen often," Atlantic baseball head coach Jay Rader said, "that we have a baseball game and a track meet going on at the same time and place. He had batted three times and we had a little lead so I told him he could go on over to the track meet if he wanted to."

Washington left the diamond in the fourth inning, won the long jump with 23' 4 1/2" leap, which also happens to be a school record, and returned to the ball game.

edging out second place Pahokee. The guys first captured the trophy and ran it a half lap around the track, then collapsed into the group shown above.

Rader said Washington is currently being looked at by a number of professional baseball scouts. He also plays football.

In the girls' competition, Kathleen Ford won second place in the shotput and Cynthia Johnson placed third.

Rosa Wilkerson first place in the discus throw with a toss of 107'8". Miss Ford came in third and Janet Wright won fifth place.

In the high jump, Terry Osborne won second place, Rosa Wilkerson won fourth and Janet Wright won fifth.

Marletha Peavy won third in the long jump, Terry Osborne won fourth and Janet Wright placed fifth.

Terry Osborne won the 110 hurdles in 17.1 seconds and Trevet Coleman came in fourth.

Kathleen Ford won first place in the 100 yard dash in 11.2 seconds and Linda Baldwin came in fifth.

In the mile run, Debra Lindsey and Trevet Coleman came in second and third in the first time either has ever run the mile.

In the 880 relay, the Glades Central team won second place. The team up of Terry Osborne, Janet Osborne, Eula Smith and Frisella Monroe.

Rosa Wilkerson set a school record as she won the 440 yard dash in 60.5 seconds while Eula Smith and Theresa Jarrell tied for third.

Coming in second in the 440 relay was the team of Marletha Peavy, Linda Baldwin, Terry Osborne and Kathleen Ford.

Priscilla Nelson won fifth place in the 880 yard run.

The Glades Central team, made up of Kathleen Ford, Marletha Peavy, Linda Baldwin and Rosa Wilkerson set a school record when they won the 880 medley relay in 1:53.4. Coach Jay Seider said this is a tenth of a second faster than the state record.

Priscilla Monroe came in fourth in the 220 dash and Eula Smith placed fifth.

Another school record was set in the mile relay as the team of Levetta Nelson, Sarah Mosley, Janice Jarrell and Rosa Wilkerson won first place in 4:27.3.

In the boys' events, the shotput was won by Fitzpatrick of Glades Central with a 49' 1/2" heave, with Freeman of Glades Central placing second, Huggins of Atlantic taking third and Sacco of Lake Worth coming in fourth.

place. Cornelius won with 6'8" jump.

Following Washington in his long jump win were Byrd of Pahokee, Cornelius and Sheppard and Martin of Glades Central tying for fourth.

Pugh of Lake Worth won the 120 high hurdles in 15.3 seconds, followed by Gee of North Shore, Hines of Pahokee, Cooper of Atlantic and Henderson of Glades Central.

Love of Pahokee won the 100 yard dash in 9.7 seconds, followed by Sims of Lake Worth, Pittman of Pahokee, Strachan of Atlantic and Martin of Glades Central.

Lenz of Lake Worth won the mile run in 4:38, followed by Pinkney of Pahokee, Godfrey of North Shore and Wilson of Glades Central.

The 440 yard dash was won by Wright of North Shore in 51.6 seconds, followed by Johnson of Glades Central, McWharter of Atlantic and Nelson of Pahokee.

The 330 yard intermediate hurdles was won by Bradley of Glades Central in 41.2 seconds, followed by Gee of North Shore, Baker of Atlantic and Hines of Pahokee.

The 380 yard run was won by Folston of Pahokee in 2:02, followed by Stanley of Atlantic, Brerton of Glades Central, Love of Pahokee, and Knowles of Glades Central.

The sprint medley was won with a 1:50.9 effort by the Pahokee team of Byrd, Pittman, Jones and Butler, followed by North Shore, Atlantic and Glades Central.

The mile relay was won by the Pahokee team of Peterkins, Folston, Everett and Nelson, followed by North Shore, Glades Central and Atlantic.

6A-HERALD-OBSERVER, Thurs., March 24, 1977

Fishing is very good

By Nazz Corbin

The combination of good weather, good fishing, and the prospects for that first installment on a great summer tan brought fishermen and ladies to the Belle Glade area during the past week.

Bass and Speck fishing remains good with several limits and near limits of Bluegills and shellcrackers coming in on worms.

On Monday, Ray Norwood of Belle Glade reported a 6 pound bass on live bait. Ray Brewer, Belle Glade, also used shiners on Tuesday and came in with 6 nice bass taken in the Long Point area.

Robert Goens of Crothersville, Ind. used plastic worms on Tuesday to take a nice string of bass with his largest going 9 pounds 11 oz.

Art Wilson, Belle Glade, took 7 bass on Saturday to 8 1/2 pounds each.

Cecil Meeks, Guided by Bruce Williams, both local master anglers managed to land 6 bass up to 7 pounds 12 oz. each on Saturday.

Douglas Bowe, Belle Glade, took his limit of bass on Sunday with his largest going 7 1/4 pounds. Doug had two others over 6 pounds each.

These were taken on plastic worms and snagless Sally lures. George Berger, Coral Springs, took three bass on Saturday to 7 1/4 pounds.

George Shaw, Ft. Lauderdale, used Devil's Horse lures on Friday to take a nice catch of bass to 6 pounds 8 oz.

Marshall Tracy, Richmond, Ky. used live bait on Sunday to take a total of 6 bass to 6 1/4 each.

Derrell Mathis, Belle Glade, reported a limit of bass on Sunday. Mr. and Mrs. Colbie Holt of Pahokee used live worms on Tuesday to take 56 Bluegills.

Mr. and Mrs. Larry Simmons, Belle Glade, came in on Wednesday with their limit of 100 Bluegills and Shellcrackers.

They're off...

It took awhile for the fog to burn away Saturday morning but when traffic conditions were finally deemed safe enough by Belle Glade Deputy Police Chief Bill Mathis, they were off and running from the Belle Glade end on Superwalk '77. An estimated 500 walkers started the trek from Belle Glade to Pahokee and back and another 333 started from Pahokee. And how did things go? "It was beautiful," Coordinator Jim Huggins said.

Over 800 march in Superwalk '77

BELLE GLADE—For the first time in five years, the March of Dimes Walkathon between Belle Glade and Pahokee was delayed almost an hour but more than 800 walkers still took the time Saturday to join Superwalk '77. "I was just flabbergasted at how many walkers we had," coordinator Jennie Huggins said afterward, "especially when you consider the fog we had at the starting time. And the kids held back and waited so good."

But by 8:45 a.m., the fog had been burned off and the walkers were on their way. Three hours and ten minutes later, the first to complete their 20-mile run, and it was a run instead of a walk, returned to Belle Glade. Another 15 minutes later, the first two returned to Pahokee. The first three to return to Belle Glade were Boca Raton Osteopath Albert Robbins, a companion named George Wright, also from Boca Raton, and 13-year-

old Marvin Sharp of Okeechobee Center, a veteran March of Dimes Walker who accompanied the two men all the way.

Dr. Robbins and Wright made the trip from Boca Raton especially to participate in Superwalk '77. He commented after finishing that he has still never walked 20 miles, although he's run it several times. He is a member and a medical consultant to the American Joggers Association.

An hour after completing the walk, Marvin Sharp was back at the checkpoint at Rardin Park, after going home to pick up his bike and riding back to the mid-point of the walk to keep tabs on other walkers.

In Pahokee, Kenny Marvin and Steve Kemp raced each other to the finish line in a dead heat and collapsed on the grass in City Park to recuperate and receive congratulations. They were followed a few minutes later by Tommy Winsh, who came in third.

In the meantime, Felix Slonaker had some competition for the first time in five years as the oldest walker taking part in the Walkathon as A.S. Samuels, also 57, from Belle Glade, made the hike.

As in every walkathon in the past, Slonaker was accompanied by a group of young children, one of whom is usually recognized as the youngest person in the hike.

Mrs. Huggins also had praise for drivers of the cane trucks passing along SR 715. She pointed out that the fields where the trucks were going are usually harvested by this time of year but the drivers were extra cautious and there were no problems with them at all.

Mrs. Huggins said she still had no information on the number of persons completing the walk but she didn't think there were as many as normal because of the heat. She said she would have that information later in the week.

On Sunday, about 800 persons showed up at the Belle Glade

Marina to take part in the Second Annual March of Dimes County Music Festival and hear eight bands and artists provide entertainment and music for dancing while the crowd munched hot dogs and hamburgers.

Superwalk '77 will culminate Saturday at 2 p.m. when the

annual collection party gets underway at Rardin Park and the walkers turn over the collections they've earned from their sponsors.

"It was beautiful," Mrs. Huggins' husband, Jim, said. "I was satisfied at the way everything turned out."

ONE OF THE TWO OLDEST men in Superwalk '77 was A.S. Samuels, shown toasting the first ten miles of his trek with a Coke as he rests in Pahokee City Park. The 57-year-old Samuels, of 700 S.W. Fourth St., gave the first real competition in five years to Felix Slonaker for age.

Staff Photos
by
Dean Jones

A VICTORY HANDSHAKE was shared by Kerry Mervin and Steve Kemp after they'd made it back to the Pahokee City Park three hours and 15 minutes after leaving. The two

competitors raced each other the final yards in an effort to be first but crossed the finish line neck and neck.

THE FASTEST WALKERS, or runners, were Marvin Sharp, George Wright and Dr. Albert Robbins, shown above as they raced along the highway to put an end to the Walkathon for them an even three hours after starting. Dr. Robbins said latter he's never walked 20 miles before, although he'd run it many times.

IT WASN'T FAIR the way some of the walkers had to trudge along on two legs while others, like Man's Best Friend above, skimmed along on four. Oh well, it was worth it for the company for the three guys above.

Community revival is scheduled in Pahokee

PAHOKEE—Sunday, March 27, is the beginning date of a Community Wide Revival sponsored by the Pahokee-Canal Point Ministerial Association. This event will be held in a tent on the vacant lot next to the Elk's Club on East Main Street in Pahokee. The services will begin at 7:30 p.m. each evening, continuing through April 6.

The evangelist is the Rev. Bennie S. Triplett of Tampa, Florida. He is State Overseer of the Church of God in Florida. He has served his denomination as pastor, evangelist, State Youth and Christian Education Director, and Program Director for "Forward in Faith," the Radio and Television Voice of the Church of God.

He has appeared on radio and television in a number of cities, and has authored a number of books as

well as articles for various periodicals. Mr. Triplett is a graduate of Lee College of Cleveland, Tennessee, and Tennessee Wesleyan College, Athens, Tennessee.

Mr. Roosevelt Miller, Cleveland, Tennessee, will lead the singing for this revival. He is Assistant Professor of Voice at Lee College where he has taught for 25 years. Mr. Miller has distinguished himself not only as a vocal coach and teacher, but is also known for his conductors of the very outstanding choir known as the "Ladies of Lee." He is known as an outstanding tenor soloist, and has made several record albums.

The public is cordially invited to attend these services, and those with pre-school children may use the nurseries at the First Baptist Church, the Church of God and the First United Methodist Church.

Church

Baptists to dedicate new family life center

PAHOKEE—According to an announcement by the pastor Carl E. Storey, the First Baptist Church of Pahokee, will observe a special dedication of the new Family Life Center.

The Ephesians, a popular gospel singing group from Jacksonville, will sing in the 11:00 a.m. service, and in a special concert at 1:30 p.m. The church will have a

basket dinner on the grounds at 12:20 p.m.

The newly renovated lower educational wing was made possible through special contributions. It includes a five room Nursery Suite, Family Learning Center, Pre-School Education Center and media Center.

The public is cordially invited to the services.

Pahokee Garden Club names officers, tours Vaughn Gardens on coast

PAHOKEE—The Pahokee Garden Club at the March business meeting elected officers for the 1977-78 year: Dorothy Williams, president; Tina Elliott, vice president; Ilmae Lampi, rec. secretary; Lillian Padgett, corres. secretary; and Julia Mathia, secretary.

The business meeting was held immediately following the lunch during the Club's field trip Mar. 15 to the beautiful Vaughn's Gardens in West Palm Beach, where they

toured the lovely gardens and landscaped grounds, as well as the famous orchid houses of the Vaughn home, and were visitors in the guest house while partaking in their picnic lunch. Hostesses Irene Bowe, Helen Davis, Sarah Farnell and Dorothy Williams served the dessert and cold drinks.

The recommendations of the nominating committee, reported by Marjorie Mock, were unanimously accepted by the group.

President Bernice Simonson, who presided, expressed her thanks to Esther Hundley, program and record chairman, for the excellent programs that Mrs. Hundley has made arrangements for at club meetings during the past year.

The group voted to support the Everglades Memorial Hospital Auxiliary's sales booth at the Mental Health Fair in Belle Glade April 2. It was announced that plans are being made to charter a bus to carry garden club members in the Palm Beach County to the State Flower Show which will be held in St. Augustine April 21-22, with club members desiring to make this trip in the bus being asked to contact Mrs. Mary E. Shea, 5128 Horseshoe Circle, South, West Palm Beach 33409, for reservations.

Cleo Douthit, chairman, reported on plans for the club to honor FFGC District 10 Director Tina Elliott at a tea April 13 and said that Catherine Kennedy was also a member of her committee, as well as other garden club members previously named.

An invitation was read from the Belle Glade Garden Club inviting members of the Pahokee Club to join their group, April 29, on a tour of Gene Joyner's "Incredible Acres," a horticultural wonderland located at Alexander Road and 63rd Trail North a few miles west of West Palm Beach.

An invitation was also received from the Clewiston Garden Club

for Pahokee Garden Clubbers to participate in the Standard Flower Show, "Flowers in Song," to be presented in the Sugarland Auditorium, Clewiston, from 9 to 8 p.m., April 21 and from 1 to 8 p.m., April 22 under the sponsorship of the Clewiston Garden Club and the Green Thumb Garden Club. The invitation stated that Pahokee Garden Clubbers would be welcome to enter in the competition at the show in either the Artistic Design Division, including 24 classes of display, such as Blooming Plants, Foliage Plants, Succulents, Ferns, Orchids, Miniatures, Hanging Baskets, Terrariums, Dish Gardens, Edible Specimens, Cut Flowers, Perennials, Hibiscus, Roses, Flowering Shrubs or Trees, Fruiting Shrubs or Trees and so on. Arrangements for entries in the Clewiston Flower Show can be made by contacting Mrs. Douglas Daner, Show Chairman, in Clewiston (813-983-9347).

Announcement was made by outgoing FFGC District 10 Director Tina Elliott of a "Workshop" to be held especially for newly elected garden club presidents, program chairmen and awards chairmen of District 10 on Wednesday, March 30, at 2:30 p.m.

President-elect Dorothy Williams, who is presently serving as World Gardening and Visiting Gardens Chairman, announced the April 19th meeting of the Club will feature a field trip to the Big B Ranch on US 27 south of South Bay with Garden Club members to be guests of Mrs. Sanchez at the lunch on the ranch.

The Pahokee and Canal Point Clubs will meet jointly at the Community Building in Canal Point at 12 noon May 17 for their annual Spring Installation Luncheon.

At the opening of the business members answered the roll call by naming their favorite shrubs. Jan Vertommen was welcomed as a new member. Mildred Harvey of Lakeland and Edna Pearl Weirman of California, sisters of FFGC District 10 Director Tina Elliott, were introduced as visitors.

"If Block makes an error on my taxes, Block pays the interest. And the penalty."

H&R Block doesn't make many mistakes. Their people are trained not to. But if they should make an error that costs me additional tax, I'd pay only the additional tax. Block pays any interest and penalty. H&R Block stands behind its work.

Economist speaks in Canal Point

PAHOKEE—The Canal Point Garden Club held their regular monthly meeting at the home of Mrs. Ruby Tucker on March 17. The program was presented by Mrs. Arlen Jones, County Home Economist, and her topic covered "Introducing of Herbs into everyday cooking."

Mrs. Oscar Carlson of Belle Glade was introduced as a new member. Mrs. Mary Liberty was a guest of Mrs. Madure Stuart and Mrs. June Harrington was also welcomed as a visitor.

The Nominating Committee was elected with Ruby Tucker voted as chairman, along with Mrs. Glen Powell and Mrs. Ester Erickson to serve on the committee.

Plans were discussed for a trip to be taken along with the Belle Glade Garden Club sometime in April, to attend a luncheon and tour of Gene Joyner's Garden's in West Palm Beach.

Those members in attendance for the meeting were: Mrs. Frances Elmsstrom, Mrs. Ester Erickson, Mrs. Maggie Pope, Mrs. United Powell, Mrs. Ruby Tucker and Mrs. Dorothea Weeks, President. Delicious refreshments were served by Mrs. Ruby Tucker, hostess. It was announced that the next meeting will be held on April 21, at the home of Mrs. Elsie Scruggs with the presentation of a Flower Show and Plant Exchange.

Audubons to meet Thursday

The next regular meeting of the Lake Okechobee Audubon Society will be held tonight, March 24, at 8:00 p.m. at the First United Methodist Church in Clewiston.

Mr. William Stitt will be the speaker and will show slides of birds with recordings of their songs.

Members are urged to attend and to bring their guests. The public is cordially invited to attend.

CARD OF THANKS

We would like to take this opportunity to express our sincere appreciation all our dear friends who were so kind to us during the death of our son and brother, Mr. William Lovell of Dundee, Florida. Our very special thanks to all our friends who sent cards, flowers, food, prayers and expressions of sympathy during our loss. Your loving kindness will always be remembered.

May God richly bless all of you.
Mrs. T. W. Ennis and children

Watch For This Man (he's a sticker picker)

He's Neil Walker, Branch Manager of our Belle Glade office. You can be a winner... Here's How! Stop by our office and pick up a Peoples Federal Bumper Sticker. Fill out and leave a drawing card with one of our folks. Every Friday, we'll draw one name... and that name could be yours. A cash prize will be awarded to every winner. If you have a bumper sticker on your car, and our traveling "Sticker-Picker" sees it, he will leave a certificate on your car, good for a free gift. Drop it by our office and be an automatic winner. So come by our office and meet Neil and the rest of our staff. Let them show you how you can be a winner at Peoples Federal.

Synthia J. Turbezille - is this week's winner

Contest ends March 31st

GLADES PLAZA, BELLE GLADE 996-4106

Vida Cristiana Latina

ESCRIBE JOSE ANTONIO GARCIA

"Todas las religiones son buenas, pues todas nos hablan de Dios. Esta es una frase muy popular, pero propia del argot de los que no han analizado la historia del la religión en el pasado, y de los seculares que al pensar en esa terna lo neutralizan para evadir cierta responsabilidad personal ante la evidencia de los hechos. Pero la verdad excusa muestra que Dios esta muy lejos de ser lo que pretende esta frase popular."

La verdad historica arroja otros hechos...VEAMOS: Los egipcios sacrificaban toda una vida para un embalsamamiento, creyendo en la resurrección de sus cuerpos, y adoraban a animales inferiores como sus dioses; hoy tantos unos como otros no son mas que objetos de observación en muchos museos del mundo, sin logro espiritual de ninguna clase.

En Mexico, los indios aztecas hacían sacrificios humanos en sus ritos religiosos. En Grecia, las deidades de la mitología eran brutales, sádicos, perversos sexuales, aborrecidos, y aun así literalmente su filosofía regia. En Roma, individuos como Nerón, a tenido como un dios, y Pompeya, la ciudad mas degradada del imperio estaba llena de sus deidades religiosas. En la India, el pueblo muestra de hambre mientras la religión les dice que la vaca es "sagrada".

Miguel Servet, descubridor de la circulación de la sangre, por no estar de acuerdo algunas ideas religiosas del movimiento reformista de Juan Calvino, fue quemado vivo por cinco horas mientras Juan Calvino miraba desde una ventana sin inmutarse. Este salvajismo no fue en las selvas del Amazonas, NO!, esto fue en Ginebra Suiza en 1553.

Otro caso: Juana de Arco mandada a quemar viva por un tribunal eclesiástico precipitado por el obispo Pedro Canchón en 1451. Después se trato de "borrar" esta infamia haciendola "Santa".

Los cananeos sacrificaban sus hijos a sus dioses, haciendolos pasar por el fuego (Deuteronomio 18:10-12). Otros pueblos sacrificaron a sus hijos al dios Moloc. Segunda Reyes 23:10. Esto trae a colación a los brujos de Cuba que se robaban a los niños para sacarlos el corazón en sacrificio a sus deidades.

En Irlanda del Norte la guerra entre los protestantes y católicos es otro fruto podrido de la religión en ese país.

La guerra civil entre los musulmanes y los denominados "cristianos" ha devastado a todo la nación del Líbano.

Todos recordamos a los sacerdotes budistas que echándose gasolina prendían un fosforo y ardían

como antorchas humanas en protesta por el gobierno de minoría que siendo católico controló por años el gobierno de Vietnam del Sur.

En Chipre, el arzobispo Makario de la religión ortodoxa griega sostuvo no hace mucho una guerra civil con sus enemigos regionales y religiosos que llegó hasta las Naciones Unidas.

En el Oriente Medio, la guerra entre los judíos y los árabes, tiene un largo y hondo historial religioso, con consecuencias horribles para el mundo, por la crisis petrolera.

En Cuba hay un gobierno comunista, pues su líder que fue preso por el gobierno de Fulgencio Batista, recibió su libertad y no fue ejecutado por la intervención de un guía religioso.

Y que diéramos de lo que acaba de ocurrir en Washington entre los guías religiosos de los musulmanes negros, que horas mantuvieron la tención del mundo entero...

Esto nos muestra por que cuando el cristianismo verdadero surgió en el primer siglo, fue visto como algo extraño tanto en Palestina, Grecia, Roma, Egipto y otros lugares, pues sus doctrinas basadas en la VERDAD, ponía en relieve tanto la baja moral, como la mentira de la religión falsa y de sus líderes. Este obviamente fue, y no otro, el motivo de la persecución de los cristianos y su muerte en las arenas del circo romano. El tener la verdad de Dios les gano el desprecio en medio de un mundo injusto. Por eso pasaron a la historia. Fueron un ejemplo vivo del poder espiritual del amor y la verdad venida de Dios. Jesús fue franco al decirle a sus seguidores: Seréis objeto de odio por parte de todas las naciones por causa de mi nombre. (El nombre de Jesús significa Jehová es salvación) Consulte cualquier diccionario bíblico.

El verdadero cristianismo según lo contempla la historia y la Biblia es lleno de verdad, amor, sin compulsión, sin inquisición, sin guerras cruentas por su imposición, lleno de fe por estudio de los evangelios, con convicción absoluta.

Al leer su Biblia usted se traslada al primer siglo, y allí encuentra el verdadero modelo dejado para nosotros, y así podrá comprobar que las contiendas religiosas del pasado y del presente, están muy lejos de lo que es el cristianismo genuino. Jesucristo dijo: "Por su fruto los conoceréis," y todas las contiendas antes mencionadas son el fruto de los que se han apartado de las enseñanzas de los evangelios. Jamás Jesucristo mezclo sus doctrinas con la política de este mundo! Jesucristo nunca declino a favor de nadie políticamente! Siga su ejemplo y le ira bien!

GCHS News Notes

By Rodary Black

High School.

Tuesday and Wednesday of last week, Dr. Daniel Fader held a workshop for all interested teachers to help them encourage students to read and to acquire materials.

Dr. Fader is a member of the National Humanities Faculty, from the University of Michigan. He is a well noted author and consultant of the books: "Hooked on Books" and "The Naked Children".

This program of Dr. Fader's has traveled throughout the United States and in 20 foreign countries.

Thursday, March 17, Glades Central High School became an official charter member of the International Thespian Society with nine initiates.

The initiates underwent a week of embarrassing agony, from wearing their clothes inside-out to walking backwards between classes.

However, their week of torture did not go unrewarded, the sponsors, Mr. and Mrs. Robert Bennett, treated them to a Bar-B-Que on Sunday.

Friday, March 18, our Chorus participated in the District Choral Festival at Palm Beach Gardens

.....

Monday night the Glades Reach Out Association, headed by W. C. Taylor, held their first of several meetings to help Juniors prepare for the upcoming Adult Performance Level (APL) exam.

At this meeting the students were given a pre test to find the areas in which they need help most. These classes will be held at night, Monday through Thursday, throughout the middle of April when the actual APL will be administered.

Interested members of the community are helping in the field in which their expertise lies.

There are five sections to the test which include: Community Resources, Health, Occupational Knowledge, Government and Law, Consumer Economics.

.....

Thursday, Friday and Saturday the Regional Science Fair will be held at the Palm Beach Mall. Judging will be on Thursday and an Awards Assembly will be held on Friday. The projects will be on display to the public all three days.

Winners of the West Area Science Fair will be eligible to attend this fair. The winners of the Regional Fair will go on to compete at the State Science Fair.

Easter coloring contest begins this week

The Herald-Observer has again initiated an old tradition this week with the publication of a two-page Easter Coloring Contest.

The contest, once a highlight of the year for local children, is sponsored by twenty area mer-

chants and cash prizes will be awarded this year in two separate age groups.

Children in school grades one to three will be entered in one of the groups and those in grades four to six in another. Two pages of

drawings, one for each age group, can be found in this week's Herald-Observer.

Contestants can color one or as

many of the pictures in their category as they like and after coloring them, must take the completed picture to the business

listed beneath it in order to enter. For instance, if John Doe is one of the sponsors, contestants must take their pictures to his place of business and give it to Mr. Doe or one of his employees.

Mr. Doe, in turn, will hold onto the pictures until the contest deadline, then turn them over to a Herald representative who will deliver them to an impartial judge, a person well versed in art.

The judge will make the decisions and award three prizes in each category. First place will receive \$15, second \$10, and third \$5.

In addition to the money, winners will have their pictures published in the paper along with their sponsoring merchant.

Each contestant must put his name, age, and telephone number

on the back of each picture and enter it in the contest. Failure to do this will void the entry.

The deadline for entries will be the end of normal business hours for each business listed under picture on Friday, April 8.

Sponsoring merchants for this year's contest include the Bank of Pahoee, Carter Electric, Gilbert Jewelry, Pahoee Planter, Peck's Cart, Badcock Furniture, Haze and Tricia's Collection, Bibb Book Store, Daddy Dick's, Glade Drug, Kim & Tim's Korner Connells Hardware, Hollingsworth Shoe Stores, Ben Franklin Young's Everglades Florist, Roy's Store, Time Savers, Dian Shop, and the Herald-Observer.

Business addresses are listed with each picture so they will be easy to find.

Palm Beach County map is now available

A new map of Palm Beach County is now available from the Florida Department of Transportation, responsible for maintaining updated maps of Florida's 67 counties.

The Palm Beach County map is prepared using aerial photographs, existing governmental quadrangle maps and results of a road inventory completed in August, 1975. The new two page map replaces a similar map prepared by DOT in 1965.

The map, available at a scale of one inch to one mile or one half inch to one mile, shows all Interstate highways, U.S. routes, primary and secondary state roads and county roads as well as many private roads.

Also shown on the map are water areas, recreational sites, churches, schools, hospitals, airports, railroad stations and other buildings in rural areas.

County maps are available through the Central Library of the Florida Department of Transportation in Tallahassee at a cost of \$1.50 per sheet for the one inch to one mile scale or 30 cents per sheet each for the one-half inch to one mile scale.

A complete 105 sheet bound set, consisting of maps of all 67 Florida Counties and supplemental maps is sold for \$35. All sales are subject to Florida's 4 per cent sales tax. The minimum mail order accepted by DOT is \$1.

GETTING AN EARLY START on the Herald-Observer Easter Coloring Contest is Leydi Navarro. The contest begins this week and ends April 8 and is being sponsored by approximately twenty businesses in Pahoee, Belle Glade, and South Bay.

Foundation completes operation

The Katherine Price Foundation, Inc. distributed food to 457 households during a five week period ending Mar. 11.

Families who received aid from no other agency or who needed additional aid than that supplied were referred to the Foundation by the Palm Beach County Social Services and the Food Stamp Office.

Donations of food came directly to the Katherine Price Foundation and from the Salvation Army, the Red Cross, and principally by federal disaster relief funds appropriated to Palm Beach County. The approximate total value of food distributed was \$4,400.00, or about \$10 of groceries to each family.

The work of interviewing, processing, bagging and giving out the food was done by 25 persons who contributed 296 hours of their own time to this effort.

They are: Eileen Roessing, Sister Veronica Marie, Gloria Swager, Helen Voerge, Josephine Larrick, Nora Vigo, Mattie Lealand, Emma Simmons, George Farnall, Ned Dras, Louise Taylor, Irma J. E. Mike Kirchman, Bertha E. Louise Blanchard, Cassa Blanchard, Madeline Armas, Nettie Roundtree, Jewel Crane, Angela Puig, Vena Mohr, Grace Lewis, Sister Elizabeth Jean, Pat Pollitt, and the Rev. Robert Pollitt.

The Katherine Price Foundation, Inc. now has over 75 local resident members. They have received donations and have deposited \$2,000 in a capital fund account toward purchase of permanent quarters.

The next meeting of the Katherine Price Foundation is Thursday, April 14 at 8 p.m. at the Church of God of Prophecy, 600 S.W. Avenue A, Belle Glade. All members and concerned citizens are urged to attend.

Two share honors as "Girls of the Year"

BELLE GLADE-Dr. Naomi Conley and Mrs. Mickey Harris shared the honors as Xi Iota Alpha Chapter of Beta Sigma Phi's "Girl

of the Year".

This honor goes to the member who has done the most for the sorority in the eyes of her fellow members.

The "Girl of the Year" social was held at the home of Mr. and Mrs. Marian Chapman.

A delicious dinner of arroz con pollo, salad and strawberry-pecan pie was served.

Mr. and Mrs. Chapman's guests were Mr. and Mrs. Horacio Harid, Mr. and Mrs. Frank Green, Mr. and Mrs. Chuck Roessing, Mr. and Mrs. Ron Cameron, Dr. and Mrs. Luis Guerrero, Mr. and Mrs. Kenneth Harris, Mr. and Mrs. Terry Miller, Dr. and Mrs. Cecil Conley, Mrs. Peter La Chance, Mr. and Mrs. Lee Burke, Mr. and Mrs. Bob White, Mr. and Mrs. Ben Painter, Dr. and Mrs. Flehs and Mr. and Mrs. James Humphrey.

West completes Navy course

Navy Airman Apprentice Duane K. West, son of Mr. and Mrs. Willie V. West of 2 NE Ave. F, Belle Glade, has completed the Aviation Machinist Mate's Basic Jet Engine Course.

During the five-week course at the Naval Air Technical Training Center in Millington, Tenn., students received introductory instruction on the characteristics and operating principles of jet engines.

This Is A Rabbit's Foot

You'll be needing one if you take your late model car to a tire store, department store, gas station or some other place that does tune-ups as a sideline. The old "points, plugs and condenser" routine just won't get it anymore with today's sophisticated crop of engines. Air conditioning, emission controls, H.E.I. ignition, aneroid carburetors and a few dozen other innovations have greatly lowered the odds on guesswork engine tuning. Electronic equipment is not the answer either if there's a new kid on it every week. At PRONTO, tune-ups are a science, not a sideline. Our professionals electronically analyze your engine for a small charge and tell you the problem and exactly what it will cost to fix it...before any work is done! Now, what could be fairer than that?

ENGINE TUNE-UP

WINNING THE GIRL OF THE YEAR this year were two women, Dr. Naomi Conley and Mickey Harris. The honor was bestowed upon them by the Xi Iota Alpha Chapter of the Beta Sigma Phi.

Canal Point PTO officers are elected

PAHOKEE-The Canal Point Parent Teacher Organization held their March meeting at the school on March 8th. The meeting opened with the Pledge to the flag, lead by Mary York.

Dr. Harris Blumberg, human relations counselor for the area, was introduced to members. Nominations and elections of new officers were held. Officers for the fall school year are: Dale Millis,

president; Dorothy Yeomans, vice president; Shirley Miller, treasurer; Mary York, secretary; and Judy Fowler, parliamentarian.

The program for the evening was presented by the Kindergarten classes. Judy Fowler's class won the room count contest. The meeting was adjourned with a reminder to all that the next meeting will not be held until May.

S.K. Smith is honored with birthday party

Sydney K. Smith, Jr. was honored with a party on the evening of March 14, a very significant birthday anniversary, by his wife's parents, Mr. Mrs. John A. Dulany, at their home, 125 N.W. Avenue E.

Smith, a long-time resident and businessman of Belle Glade, and his wife, Gloria John, have four children, Mrs. Edwin Lively, Jr., Sydney K. Smith, III, Mrs. Robert Tindale, and Mrs. Wesley Walker; and four grandchildren.

He is an active member of Community United Methodist Church, majoring in Bible instruction and service endeavors of the Senior Youth Division. Smith is an ardent tennis player, bowler, etc., and an avid fisherman.

The refreshment table was centered with a six-tiered cake, topped by a miniature fisherman with a wee fish on the end of the line. Fruit punch and a variety of home-made cakes were served.

Guests included the families of W. W. Weeks, Barney Smith, R. Y. Creech, John L. Evans, Lynn Fisher, Jeff Threlkeld, John Brown Evans, Edwin Lively, Sydney K. Smith, III, C. Ralph Grimes, Duncan E. Padgett, Dan Carpenter, Vance Denton, Rev.

Donald Padgett, Roger Rogans, Philip Dulany, Milton Carpenter, Thomas Rumlalt, Bunn McCall, Rev. Guldmar Blair.

Jennie Gamble invited to plant's dedication

BELLE GLADE-Mrs. Jennie R. Gamble of 854 S.E. Sixth St. will be among the dignitaries Saturday when a new electric generating plant is dedicated in Sumter County, courtesy of her nephew, Lt. Gov. Jim Williams.

Mrs. Gamble, a cashier at Best Buy Drugs, said Monday the Lieutenant Governor was in West Palm Beach a couple of weeks ago and was disappointed he didn't get a chance to see her. She is his

eldest relative in his mother's family.

"He said he was real sorry he missed in West Palm Beach," Mrs. Gamble said, "and he thought I'd enjoy being in on the dedication."

Williams paid a surprise visit to his aunt several weeks ago when he was in the area and his helicopter landed at the Belle Glade Country Club golf course.

"I didn't even know he was coming that time until he walked through the door," Mrs. Gamble said.

Belle Glade Woman's Club

Club celebrates anniversary

BELLE GLADE-The Woman's Club of Belle Glade celebrated its Fiftieth Year at the Belle Glade Country Club with a luncheon Saturday, March 12. The club was first organized and federated in 1927.

Among the 100 members and guests attending the celebration were fifteen past presidents, Life Member Kathryn Price, and District 10 Director Mrs. William Hollingsworth. (Inadvertently, Mrs. James Ball was not included in the picture of the past presidents last week. She was the "earliest" president present - having served in 1934.)

Each of the presidents were presented with gold rose indicating the year they presided over the club. Nataleah Nachman, current president, presided over the luncheon meeting. Mrs. Bert Roemer presented the history of the club, one of the oldest in Palm Beach

County, emphasizing the decades in which the club has been involved. Each decade was introduced by a member modeling an outfit representing those years. Vocalist Pat Stedham, accompanied by Gloria John Smith at the piano, offered background music through a song copyrighted during the period.

Models were: Sandra Chamblee, the 20's - Frances Ball, the 30's - Joanne Royal, the 40's - Mary Orsenigo, the 50's - Gerry Unwin, the 60's - Bee Wood, the 70's. Hostesses for the celebration were Mrs. Bertha LaChance, chairman; Mrs. J. B. Simmons, Mrs. Nataleah Nachman, Mrs. Thomas Swager, Mrs. E. D. Humphries, Mrs. Clyde Parrish and Mrs. Chester Cone.

Mrs. Alvaro Sanchez, Mrs. W. M. Martin, and Mrs. Cone were in charge of decorations. Mrs. Swager was in charge of publicity.

Thomas-Morris plans are being announced

BELLE GLADE-Mr. and Mrs. Paul Thomas of Belle Glade, announced this week the engagement of their daughter, Deborah Lynn to Omas Morris, son of Mrs. Essie Griffin and the late Mr. Walker Morris of West Palm Beach.

Miss Thomas is a graduate of Glades Day School and attended Atlantic College where she majored in physiology and minored in Business Administration. She was formerly employed by Harold

Grant Dept. Store in West Palm Beach.

Mr. Morris is presently employed by the Florida Power and Light Company.

An April wedding is planned.

Beta Sigma

This hold meeting

BELLE GLADE-Xi Zeta Mu Chapter of Beta Sigma Phi held a "Model Meeting", Tuesday night, March 15, at the Home of Mrs. Wayne Bair. Mrs. Tom Swager, co-hostess, carried out the St. Patrick's theme with a green floral centerpiece, lime green sherbert punch and individual key lime tarts.

Members attending were Mrs. James Chamblee, Mrs. Gordon Corbin, Mrs. Gene Enfinger, Mrs. J. D. Lee, III, Mrs. Bert Ward, Mrs. Bair and Mrs. Swager. Guests attending were: Mrs. William Acres; Mrs. Ray Stedham; Mrs. Jaye Bedsole; Mrs. Ken Lutz and Mrs. Edward Sizemore.

Pahokee Personals

PAHOKEE-Mr. and Mrs. Lloyd Hundley and Mrs. Olaf Boe of Pahokee spent the weekend of March 19 in Alhambra Springs, Fla. visiting their son and daughter, Mr. and Mrs. Wayne S. Hundley. While there they attended a Jack & Jill Baby Shower which was held in the Friendship Baptist Church Social Hall in honor of Mr. and Mrs. Wayne S. Hundley. The shower was given by the church choir members and the Church Shut-In Ministry.

Mu Upsilon holds ritual in Belle Glade

BELLE GLADE—Mu Upsilon met on March 15 at the home of Aritha Keene, with all members present. Before the meeting Sally Carter a Senior from Christian Day School requested the group's cooperation in a survey of Community health services.

Then the Meeting was opened with the traditional pledge ritual for Sharon Courson. Officers for 1977-78 were elected as follows:

president, Dorinda Shotts; vice-president, Davene Bailey; recording secretary, Linda Parrish; corresponding secretary, Carol Zumpf; treasurer, Janet Marr; extension officer, Elouise Culpepper; city council, Aritha Keene; and city council alternate, Sharon Courson.

A short program on "Religion" was presented was presented by the hostess, Aritha Keene.

SUE AND JEFF Duffield will present a concert of gospel music at the First United Methodist Church of Pahokee Friday night. The singing team has appeared on TV and presented concerts to various groups throughout the U.S.

Holley-Henderson engagement is told

BELLE GLADE—Mr. and Mrs. Frank Holley of Ponce de Leon, formerly of Belle Glade, announce the engagement of their daughter, Deborah Clyrence, to Joseph Richard Henderson, son of Mr. and Mrs. Daniel Simmons of Ponce de Leon.

Miss Holley, presently a senior at Ponce de Leon High School, is the granddaughter of Mr. and Mrs. E.B. McSwain of Belle Glade and the great-granddaughter of Mr. and Mrs. L. O. Harbison of South Bay.

The couple will say their vows Saturday, April 16, 3 o'clock in the afternoon at the Mt. Vion Baptist Church in Ponce de Leon.

DEBORAH CLYRENCE HOLLEY

Steak dinner enjoyed by sorority members

PAHOKEE—In a beautiful setting which could easily have been in the remote Everglades, members of Xi Alpha Mu enjoyed a steak supper at the home of Marjorie and Rupert Mock, Thursday, March 17.

In addition to Marjorie Mock, the hostesses were Eva Spooner, Charlotte Walston, Catherine Kennedy, Dorothy Hillier and Dot Williams.

Guests for the evening included Mrs. Mildred Harvey of Lakeland,

Fla. and Mrs. Edna Wierman of Pasadena, California, sisters of Tina Elliott. Mr. and Mrs. Fike of Vero each were guests of Dot Williams.

Methodist Church to feature Sue and Jeff

PAHOKEE—Sue and Jeff Duffield of Penns Grove, New Jersey, will present a sacred concert of Gospel music at The First United Methodist Church of Pahokee on Friday, Mar. 25 at 7:30 p.m.

Sue and Jeff have traveled extensively with the Sammy Hall Singers of Tennessee, conducting high school programs, crusades and camp meetings for young people and adults. They have also worked with the Revivalist Radio Choir, and appear quite frequently on "One Hour for Christ," a T.V. program under the direction of Rev. David Bailey on Philadelphia's own Channel 29, sponsored by Ranch Hope.

Various styles of Gospel music are incorporated in their program, featuring solos, duets and piano solos, as well as their testimonies of how God has worked in their lives. Record albums are available. Young people and adults will enjoy the program of Gospel music presented by these two young musicians who desire that together, they may lead people to Jesus

Christ through music. Pastor Ballard Wilson invites the public to this service.

Committee in need of white sheets

PAHOKEE—The Pahokee High School Prom Committee of 1977 is planning for the Annual Junior-Senior Prom to take place on the evening of May 1 in the gymnasium of the high school. The Committee is in need of white sheets to decorate the gym for the gala affair. Anyone who could donate any sheets is asked to call the high school at 924-5241, ext. 31. Committee members will come by and pick up any donations.

Officers are elected, members installed

THREE NEW PLEDGES ACCEPTED into the Xi Iota Alpha Chapter of the Beta Sigma Phi recently were Eileen Roessing, Janice Harris, and Mary Green.

BELLE GLADE—Xi Iota Alpha Chapter of Beta Sigma Phi held two meetings in March. The first was at the home of Mrs. Alicia Gimenez. Ms. Sally Carter and Ms. Frances Alvarez students at Christian Day School were Guests and asked the members to fill out a questionnaire concerning the community Mental Health Center.

After a short business meeting, during which "Girl of the Year" was voted on, Dr. Naomi Conley presented the program. Her program was on the Modern World: Trends and Movements. She played a tape of Dr. Murray Banks, and gave the members a short test on mental stability.

She also gave examples of how our world was changing and discussion followed on whether the old or new ways were better. Mrs. Gimenez served a delicious custard roll to her guest.

The second meeting of the month was held at the home of Mrs. Echo Painter. A short business meeting was held, during

which new officers for the coming year were elected. Mrs. Sandy White was elected president, Mrs. Janis Fieles, vice-president, Mrs. Anna Mae Chapman, recording secretary; Mrs. Mary Frances Burke, corresponding secretary; Mrs. Cynthia Humphrey, treasurer; and Mrs. Jeanette Cameron, extension officer. Plans for selling sloppy joes and lemonade at the Mental Health Mini-Fair were finalized.

Pledge ritual was held and the chapter welcomed Mrs. Mary Green, Mrs. Janice Harris and Mrs. Eileen Roessing as new pledges. Mrs. Painter served her guests cake and ice cream, with the ice cream rolled in colored coconut to carry out the follow the rainbow theme. Those attending were Mrs. Cameron, Mrs. Burke, Mrs. Mickey Harris, Mrs. Chapman, Mrs. White, Mrs. Hortensia Guerrero, Mrs. Vivian Miller, Dr. Conley, Mrs. Gimenez, Mrs. Green, Mrs. Harris and Mrs. Roessing.

- 1 tsp dried basil
- 1/2 cup water
- 1/5 cup lemon juice

- 3/4 cup flour
- 1 tsp salt
- 1/4 tsp pepper
- oil for frying

Rub chicken with mixture of broth seasoning and basil. Place in bowl with water and lemon juice. Turn to coat chicken, well; cover and refrigerate several hours or overnight, turning two or three times. Drain chicken well reserving marinade. Mix flour, salt and pepper and use to coat chicken generously. Brown without crowding in about half-inch of hot oil in heavy skillet. As chicken turns brown, place single layer in shallow baking dish. Pour reserved marinade over chicken. Bake in preheated 375° oven 45 minutes or until tender. Makes four servings.

This weeks recipe has been furnished by Mrs. Alina Gomez, 317 NW H Place. She is presently employed by the Belle Glade Herald as the social editor. Her hobbies include painting, singing, playing the guitar also writing. She recommends the recipe as very good and different.

Obituaries

Mrs. Edna E. Edens

BELLE GLADE—Funeral services were held Tuesday for Edna E. Edens, a 26-year resident of Belle Glade, at the Mixson Funeral Home Chapel with the Rev. Robert T. Atkins officiating.

Mrs. Edna, 68, of 218 N.E. First St., died Saturday at Glades General Hospital. She was born in Tampa and lived in LaBelle and Moore Haven before coming to Belle Glade.

Survivors include two sons, Robert L. Edens of Belle Glade and Kenneth T. Edens of Phoenix, Ariz.; two brothers, Warren Lee of Okeechobee and Edgar Lee of Pompano Beach; four sisters, Billie Royer of Lakeland, Vera Burton of Okeechobee, Helen Willmore of Hartsville, Ohio and Della Faye Adams of Campbellville, Ky.; five grandchildren and two great-grandchildren.

Funeral services were Sonny Crawford, Dennis Miller, Warren Battle, Jessie Motes, Bbo Cowart, Fritz Stein and Wayne Bair. Mixson Funeral Home was in charge of local arrangements.

Mrs. Fannis O. Reed

BELLE GLADE—Funeral services for Mrs. Fannis Okley Reed, who had moved to Belle Glade from Chanute, Kan. only two weeks ago, were held in that city for her last week.

Mrs. Reed, who had moved into #63 Osceola Center, died last Thursday at Glades General Hospital.

Among the survivors were four sons, Terry of Belle Glade, Larry of Alliance, Ohio, Darrell of Independence, Kan. and Terrell Reed of Osceola Center; three daughters, Mrs. Teresa Watkins of Belle Glade, Anna Reed of Belle Glade and Elizabeth Reed of Belle Glade and 12 grandchildren. Mixson Funeral Home was in charge of local arrangements.

Minding the Store

Another flower shop?

By Andy Campanaro

Another flower shop? That's right. But there's a reason.

When Nita and Lee Young decided to purchase property, they had the Everglades Florist and Garden in mind. That was four years ago. How could they know during the ensuing time some other new flower-oriented business would open up?

They didn't and, like any good planners, they opened up their offices two weeks ago at 1601 NW Avenue E South.

The Youngs came from my old stomping grounds - Flagler Beach (near Daytona) - four years ago to take over the adult community school at the Glades Central Annex.

"Our idea was to get into the flower business some four months ago and we had purchases a house specifically for that purpose," Mrs. Young said. "Meanwhile, these other shops opened, but you don't hold back once you've committed yourself. Besides, I love to play in the flowers."

The shop is a full service florist business, serving weddings, funerals, anniversaries, birthdays and other occasions. They have corsages, hanging baskets, dish

gardens, dried and artificial arrangements, fresh cut arrangements, all specifically made to order, and they can wire anywhere, Mrs. Young says.

Results of advertising, you say? A national independent survey taken this year has found that a WHOPPING 88 PER CENT of all women interviewed said they felt newspaper ads were more useful than mail circulars or radio and television ads.

Reason? Those responding said to them a newspaper is more available and dependable and it affords them the opportunity to compare prices before shopping.

"Of course, I know this all the time. That's why I'm so cheery when I come into your store. I'm providing a service your customers want and need. I'm not there to 'get' money out of you. What does get me though, is the store owner who puts in a one-shot quarter page ad, then asks, 'Why didn't I get results?' Answer as I'd like to say, 'You didn't. The food pages did - simple. The food pages run EVERY WEEK.'

Advertising needs to be continued to be effective. Only when you have a drastic sale or a drastic

bargain or a change in location does the one-shot deal help. So much this week for ad tips.

Belle Glade is going to have a new social security office. Plus another set of offices around it. It isn't built yet, the date the deal is supposed to go through is today, March 24th, and I am supposed to be one of five people in town who know about this. Trouble is, I don't know exactly where it's going to be, but I have been told by this authority it will be centrally located to the majority to Glades people who need governmental services.

Palm Beach County has a new and unique business where single (and married) people can meet each other to find a date mate, a marriage mate, or just mutual friends. Chess, tennis, backgammon and language nuts say nothing of movie, book or music nuts) can find new friends of the same persuasion, be it male, female, couples, young, middle-aged or senior citizen.

What I'm talking about is Video Meeting Place at 4023 Okeechobee Boulevard, West Palm Beach. Sure, guys and girls, you probably can meet your mister or miss right at the local church or bar, but both those places are uncomfortable settings to meet someone you want to be with. Besides, with this new method, you can see your prospective date in living television color and hear her or him talk about what motivates them, what education they've had, what they're interested in and what they'd like in a person.

I sat through five tapes just for interest and, at this point, might wind up paying the video fee and getting taped myself. I saw three very physically attractive women, all three having their bachelor's degrees and all three employed in a good job, and all three as different as night from day. I tossed out the beautiful, spacy blonde who dug psychology and rock and tuned into the chunky brunette who love bluegrass and thought the best way to spend time was to walk in the country on a sunny day.

You pay \$50 and you must be taped yourself. Other people upon their request, will see your tape, and you will be able to see tapes of other people. You choose who you want to meet, and they (before you meet them or get their full name or addresses) MUST approve of you. Again, lonely hearts, that's Barry Rose at the Video Meeting Place at 4023 Okeechobee Boulevard, West Palm Beach.

Some businesses in town don't advertise some qualitative things about themselves because those things are not commercial. Specifically, the new Glades Mercantile warehouse on SR715 (or just off it, rather) has some extremely aesthetic paintings in the office interior...worth a trip into the office just to admire...also B. D. Cole, Inc. building at the corner of Main and Ave. E. has an exquisite wall-to-wall, floor-to-ceiling painting of the Glades...you feel as if you're in the center of a dutch apple hammock...and while we're talking about quality, there's a little white building at the corner of Ave. E. and Fifth street that sells bar-be-que straight from heaven's oven...don't even know the name of the place, but the smoke coming over the rooftops drew me there last week and I'll never go to Clewiston again.

LEGAL NOTICE
INVITATION TO BID
SEALED BIDS for the furnishing of New Gasoline Pumps for Public Works Department will be received by the City of Belle Glade, Palm Beach County, Florida, at the office of the City Manager until 11:00 a.m. Thursday, March 31, 1977, at which time all bids will be publicly opened and read. Specifications are on file in the office of the City Clerk and available for inspection, and copies thereof may be obtained upon application to said office. All bids must be accompanied by a certified statement indicating that the bid items meet or exceed the City's specifications.

All bids shall be in sealed envelopes addressed to the City Manager, City of Belle Glade, 110 S.W. Avenue E, Belle Glade, Florida, 33430, and plainly marked on the outside: BID NO. 12-77 - New Gasoline Pumps for Public Works Department - 3/21/77.

The City Commission reserves the right to reject any and all bids, to waive informality, and to accept any bid or combination of bids which in its sole and absolute judgment will best serve the public interest.

You be the judge

...when price is the difference.

Compare these three quality, brand name 8 HP lawn tractors. Wheel Horse, John Deere, and International Harvester. Each is known for its performance and dependability.

Now compare prices.

An independent shopping survey taken in January, 1977, among dealers in over 25 major U.S. cities specifically showed, the average of the actual quoted prices for the John Deere Model 81 was \$1364; the International Harvester Model 81 was \$1286; and Wheel Horse A-90 was \$1068.

In some instances, I.H. and J.D.'s average actual quoted prices were comparable or lower than Wheel Horse.

Prices do not include local taxes. Some prices were higher, some lower. Check your local Wheel Horse Sales Inc. dealer for his prices.

Consistently, Wheel Horse delivers price, performance and dependability that are hard to beat.

Why pay more when you can own a Wheel Horse!

Pakobee Sales and Service

Pahokee High to have new reading program

PAHOKEE—Attending a reading workshop at the University of Florida last month to hear about the P.K. Yonge Laboratory School in Gainesville proved to be beneficial to Pahokee High School.

Attending from Pahokee High were Doris Lane, Dean, who represented Principal Jack Redding as Administrator, and Kent Heltman, Instructor.

The program impressed the high school representatives so much that "We will use the Yonge reading technique in our reading labs during the next school year," Mrs. Lane said. Administrators were instructed in how to incorporate the technique into their curriculum, Lane said, while teachers were instructed in how to set up the lab.

"Children develop reading at different ages, and they don't necessarily develop intellect and reading at the same rate," said Dr. Helen I. Guttinger, Reading Workshop Co-director at the

laboratory school. That was the lesson given to nearly 60 teachers and school administrators from 16 Florida counties—Georgia, Kentucky, Michigan, Connecticut and Illinois who attended the workshop.

The reading program, initiated by P.K. Yonge Laboratory School in Florida, spread to 84 schools in Florida and three in Georgia. P.K. Yonge Director Dr. J.B. Hodges stated, "Through extensive field testing in public schools, we've determined this program is highly effective in improving rate, vocabulary and comprehension for secondary students."

Pahokee High School presently has a remedial reading program and this program will remain intact with the inception of the new developmental reading program. Remedial reading helps those having problems with reading skills but the P.K. Yonge developmental reading program "is good for anyone. You don't need to have a problem to use it,"

Mrs. Lane said. "One of the benefits is that you get away from the stigma of remedial reading," she continued, "and the program contains high interest materials for students of all levels."

Dr. Janet J. Larsen, UF associate professor of English, explained that the nine-week reading program was formulated with three concepts in mind: individual independence, commitment and responsibility—because

they closely parallel the development necessary to become an adult. The highly individualized learning utilizes such materials as cassettes and speed readers.

Another plus for the program is that there is a high degree of student-teacher communication. "Each student has a conference with the teacher when he goes in," Land explained, and the communication continues throughout the exercises.

"Students are accustomed to adults and teachers telling them what to do," Guttinger told those at the workshop. "But we leave it up to the students to decide which skills in reading they want to improve while they are in the program." Allowing students to set their own goals increases their motivation, she explained.

Mrs. Lane said the developmental reading program will be used mostly with eighth and ninth graders at Pahokee Jr.-Sr. High School while the remedial program will continue with all

grade levels.

In the P.K. Yonge technique, the classroom teacher and the reading teacher work cooperatively with the student, this being the main difference between the developmental and the remedial program, Mrs. Lane said.

Guttinger noted that participation by content area teachers as team members in the reading program not only improves students' attitudes toward the program but reading instruction becomes better coordinated with the rest of the school curriculum.

News from PHHS

Class holds car wash

By: the "Devil's Tale" Staff

PAHOKEE—The Pahokee High Junior Class is working very diligently at various fund raising projects as well as on other drives in an effort to meet their goal set for the 1976-77 Senior Prom.

On Saturday, March 19, the Fund Raising Committee, along with quite a few other willing workers, held a car wash at the school campus. The crew was kept very busy during the morning and on into the afternoon hours. Besides raising some \$200, the students all seemed to enjoy themselves and few people walked away with a stitch of dry clothing left on them.

Besides the car wash, the class is presently involved in a sheet collecting drive. The sheets will be separately sewn together and used to form a unique parachute-like ceiling for the decoration of the Prom. The Juniors would gratefully appreciate anyone who has any type of old white sheets which they could donate to the class. If you do have donations, contact the Pahokee High School Office at 924-5241, ext. 31 and arrangements will be made to have them picked up.

In sports, the Pahokee track

team again played second fiddle, as they were narrowly defeated by Glades Central High 87½-82½. The meet was held last Friday (March 18) and although the team failed to place first, they did finish second ahead of several other area schools. There were three new school records shattered during that meet and they were as follows: The mile relay, with an all time low clocking of 3 minutes, 24 seconds; the sprint medley (1:59.9); and in the 220 yard dash, Leroy Love added yet another record to his scrapbook by turning in a timing of 29.9. Love also placed first in the 100 yard dash.

Switching to softball, the reigning State Champions handed Bosarian Academy a 9-5 defeat on Wednesday, March 16. The squad is now 8-1 and improving with every game. The girls are scheduled for another contest this coming Monday (March 29).

The golf and tennis teams were both idle last week but have busy schedules for the coming week. The English Literature class presented the Shakespearean play "Hamlet" to a portion of the school on March 21. The two and one half hour film proved both educational as well as entertaining.

L...the first letter in image also happens to be the first letter of the word IMPROVE. Improving your business image.

M...the second letter in image means Make Yourself A Friend. Research into any market show customers tend to look upon places of business as other people. Their attitudes toward places of business are influenced by those they meet while in those places of business; while they are getting their cars repaired, or serviced; while they are purchasing a blouse or a book or an insurance policy. Customers rank FRIENDLY ATMOSPHERE second only to price in picking a place to buy.

If you employ five people, each the five, at that time of customer contact, becomes the entire business organization. The Customer's experience with just that one employee becomes a guide as to what the entire business organization is like. Few employees either realize this on their own or are ever instructed by management. Years ago when you were feeling very sorry for yourself, you may have said to your mother, "I'd like to have one good friend."

Remember her reply? She told you "If you want a friend, you first have to BE a friend." So, if you image is to be that of a friendly place to do business, then each employee must radiate friendliness. In this way you'll get new business by deserving that which you have. The customer not only comes back, he sends others there, too.

A...the third letter in image stands for Attitude Toward Customers, such attitude must be genuine, not something false that is turned on and off. There is a great deal of indignation within the customer movement about the practice being radiated of great customer concern at the time of purchase and then suddenly changing to a "get lost" attitude after the purchase. There is no better guideline for attitude than that incorporated in this age-old customer's creed:

Mr. Customer...You are the most important person ever to enter our store; You are not dependent on us; we are dependent on you; You are never an interruption of our work; you are the purpose of our work. We are not doing you a favor by serving you; you are doing us a favor by giving us the opportunity to serve you; you are not an outsider to our business; you are the mainstay of our business; You are not a cold statistic you are flesh and blood with feelings and emotions we

respect; you are not someone to argue or match wit with; but someone to courteously and dependably serve. In short, as far as attitude you are people display. "Never let your advertising write a check your action cannot cash."

C...the fourth letter in image is G for GAIN customer acceptance and loyalty by making him feel better about himself. Psychology in researching personality has found that the best way to maintain good relationship between Employer and Employee is "praise". The employee feels comfortable in the presence of the Employer. Many large corporations use this principle in their advertising. They spend the majority of their advertising dollar making customers feel good about having bought their products. Almost automatically the customer feels he's pretty smart for having purchased that particular product; and being human can't keep quite about it. He brags about his purchase and becomes an associate salesman for the Company. We might do no better than to remember: The four most important words are: "What is your opinion?" The three most important words are: "If you please." The most important words are: "Thank you."

The smallest word in the world is "I". E...the last letter in image is E for Emotional Involvement. Whenever YOU are doing business with customers who are depending upon you for doing something for them, you are dealing with them primarily in an arena of emotion. While the customer's problem is very small to you, it is very large to him. The good image maker in business, therefore, NEVER thinks or talks in terms of dollars or even products; he thinks and talks in terms of people.

So, "IMAGE" taken apart and analyzed is not very complicated. The image of your business will determine to a great extent the success of that business. Image is not a cosmetic applied on the outside. It is a reflection of what you are like on the inside. No matter where your business is located, in the customer's mind you should always be at First and Main Street.

BIRTH ANNOUNCEMENT

BELLE GLADE—Mr. and Mrs. Stephen Lee Pate of Moss Mobile Home Park Pahokee announce the birth of their daughter, Lela Shawn, on March 17.

The maternal grandparents are Mr. and Mrs. Randall McFall of Holly Hill and the paternal grandparents are Mr. and Mrs. Stephen C. Pate of Belle Glade.

★ ★ Wendell Phillips 1852 ★ ★

Serely, he thought, the answer must lie in the money markets, international trade, perhaps. But he was not to find the answer there either...
...then he looked about him at the people of America. "He knew...
"America is great because she is good, and if America ever ceases to be good, America will cease to be great."
SUPPORT AMERICA!
Ameymusa

Our previous heritage, embodied in the flag of the United States, is as old today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Franklin, we, too, have a privilege, a right, and a duty. While we are engaged in the methods, we should not forget to be good—that of preserving the greatest democratic heritage that ever lived.

Our flag is a symbol, not of material, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience parts of the knowledge that are ours—ours because we are Americans.
